WELCOME ! »

Let me express my warm heartfelt wishes, and welcome you to National Infotech. We started our journey, in pursuit of excellence, 20 years ago, and it has been a wonderful experience so far. It is cherished by everyone associated with this institution- the teachers, the students and their guardians.

The entire gamut of activities at Ni reflects its objective of nurturing young minds and helping them grow as responsible citizens, who can make positive contributions to the society and the nation. Our team of professional and dedicated teaching faculties are passionate about working with students and delivering quality education. They readily accept their responsibility to nourish our students. Ni is supported by a number of visiting professors capable of helping enhance analytical skills of students.

To support our programs, teaching and learning activities we have three science labs, a library and a computer lab equipped with modern facilities. The lecture rooms are equipped and integrated with smart boards, comprising teaching materials developed at Pearson Education. It helps the students understand the specific process through visualization, and allows them access to the teaching and learning materials.

I sincerely believe that with our continued efforts and teamwork, Ni will transform into a Pedagogical Excellence. I truly believe that Ni will live up to rising expectations of parents, and will set up a benchmark in the educational field of science and technology.

I welcome you at Ni with open hands and hearts, for study, support or any queries.

Er. MANISH SINGH
PRINCIPAL / Executive Director

“Our mission is to be a center of educational excellence, providing opportunity, challenge & support to the students, with caring environment.”

National Infotech is an educational institution that specializes in Science stream. It is affiliated to National Examination Board (NEB), and offers its +2 Science program. NEB curriculum is designed to enhance subjective knowledge in students, and take their problem-solving skills to an advanced level. A fine balance between these two essential components is maintained in all the modules. At the end of the program, you will be equipped with subjective knowledge and soft skills, such as analytical and communicative skills, required at university level education. Successful +2 graduates are eligible for admission in most university undergraduate programs all over the world.

National Infotech

" Where Students unlock their True Potential "

National Infotech is a great place to learn, with digital classrooms and specialized labs for Physics, Chemistry, Biology and Applied Sciences. Here, the students get access to state-of-the-art Computer Lab, which enhances their learning.

+2 SCIENCE PROGRAM

ADMISSION

Minimum qualification required for admission in +2 program is SEE or equivalent, with minimum aggregate of 60%. Every student has to appear and pass the entrance examination conducted by the college.

SCHOLARSHIP

The college provides a number of scholarships to academically excellent students. The college also offers excellent need-based scholarships in tuition fees as financial assistance. Full scholarship is provided to the students scoring highest marks in the college entrance examination, to the district topper, and to the individuals playing any national level sports in Nepal.

SCHOLARSHIP SCHEME WITH STIPEND

This scholarship is exclusively awarded to the meritorious and needy students of National Infotech, admitted in the first year of +2 program.

No. of Scholarship: 2

Value: A monthly stipend to cover living expenses, college tuition fees and admission fee waiver. Students wishing to apply for scholarships should submit their testimonial with an application addressed to the campus chief.

Bachelor of Science in Computer Science and Information Technology (B.Sc. CSIT), affiliated to TU, is a four years IT and computer science program. For fulfilling the needs of the job market and allowing students to pursue their areas of interest, many elective courses have also been introduced. The program comprises computer science and applied courses of 126 credit hours.

The program includes a great deal of practical and project works in addition to conventional lectures. This program combines the strength of both the computer science and information technology and shows how these principles can be applied to solve real world problems. This program develops the skills that are essential for both the computer professionals and IT managers.

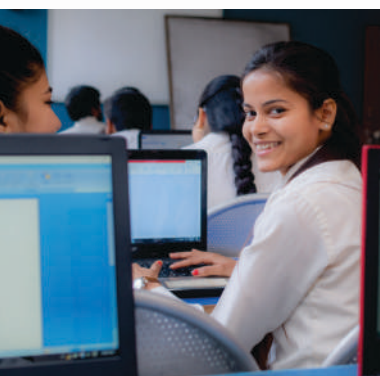

PROGRAM HIGHLIGHTS

- 4 years/8 semesters/126 Credits Hours
- Acute emphasis is given on practice-based learning. The course gives you ample opportunities to pursue your career anywhere in the world.
- One of the most recently designed Computer Science course in Nepal.
- Perfect balance between extensive theoretical and thorough practical learning.
- Compulsory Internship

ELIGIBILITY FOR ADMISSION

The candidates applying for B.Sc. (CSIT) program must have

- Successfully completed twelve years of schooling with 10+2 in science or equivalent from any university, board or institutions recognized by Tribhuvan University.
- The candidates appearing in the entrance test conducted by Institute of Science and Technology - Tribhuvan University (IOST, TU) must secure at least 35% marks in order to be eligible.
- The candidates must have secured at least 2nd division marks in 10+2, PCL or equivalent program, and completed the application procedure.

BCA_(TU)

Bachelor in Computer Application

Objective

The objective of BCA program, offered by the faculty of Humanities and Social Sciences of Tribhuvan University is to produce high quality computer application users and developers.

Duration

BCA extends over a period of eight semesters (four academic years). The academic year begins in September of each year.

Medium of Instruction and Examination

The medium of instruction and examination in the BCA program shall be English.

ENTRY REQUIREMENT

The entry requirement for students of BCA is intermediate level or Higher Secondary Level (10+2) or equivalent in **any discipline** from a recognized institution, with at least **D+ in all subjects** in class 11 & 12. Besides the basic academic requirement, an entrance examination will be conducted for all applicants by the Dean's Office

The institution boasts of highly modern and easily accessible IT facilities. We have Wi-Fi enabled campus area, which allows all the students and faculties to access the internet anytime. The state-of-art facility offered by National Infotech certainly matches its outstanding reputation and provides an inspiring and fun environment to the students.

Bijay Kr. Kushwaha

Phd. Scholar
Bachelor Program Co-ordinator

LIFE SKILLS

We go beyond the conventional ways to instill life skills in students and enhance their abilities.

Many students come for their higher education in Birgunj at **National Infotech**, with an objective to attain bright future. Naturally, they need help and support to settle in. Student Welfare Department at **National Infotech** is responsible for helping students in ways such as finding accommodation, coping up with social issues, financial hardships, studies, and managing conflict. We encourage students facing such problems to contact Students Welfare Department.

Sudhir Patel

MBA, MBS(TU)
Student welfare Director

**"College is not just a place to acquire knowledge,
it is a place to discover who you are and who you want to be."**

National Infotech is a vibrant college welcoming students from all faiths and backgrounds. We are committed to developing a community, where personal qualities are highly valued, and each student is enabled to reach their potential, feeling supported, safe and happy during their stay here. At **National Infotech**, we enable our students to flourish both academically, and as individuals. We invite you to join us on this journey and become part of our vibrant and inclusive community.

Amrish Singh

IT Co-ordinator

National infotech provides friendly atmosphere and you will get a chance to meet new people and make new friends, some of whom will be friends for life. The senior students and teachers will be happy to help you with any queries you have during your time here.

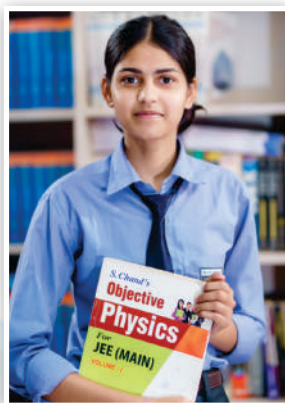

STUDENT Council

Welcomes You

Studying here will give
you so many opportunities
both during your time at
the college and also after
you have left.
